.0603 HOME LEAVES

(a) Purpose. The purpose of home leaves is for inmates who are nearing release to re-establish family relationships and community socialization in preparation for their transition back into the community.

(b) No Sex Offender inmate will be allowed to participate in the home leave program as per Prisons policy C.2500, Community Based Programs for Sex Offenders.

(c) Inmates convicted of a LIFE sentence will not be allowed to participate in the home leave program unless they have a set parole release date outlined in the Mutual Agreement Parole Program.

(d) General Instructions

(1) An inmate who is in minimum custody level III and has maintained this status for a minimum of ninety (90) days and is within twelve (12) months of a projected release date is eligible for consideration for home leaves.

(2) The inmate must have remained infraction free for the last ninety (90) days.

(3) An inmate, who wishes to participate in the home leave program along with his/her qualified sponsor with whom he/she wants to take home leave with, must both make a formal request in writing.

(4) A qualified sponsor must be an immediate family member which is defined as mother, father, husband, wife, adult daughter, adult son, adult brother, adult sister, foster parents, or other person who has acted in the place of parents where such relationships can be verified. (“adult” refers to 21 years of age and older).

(5) The Facility Head/designee will request the appropriate staff to conduct an investigation.

(6) In determining whether to grant the request, the Facility Head/designee will consider the inmate's behavior and performance within the scope of unit activities, work, life in the dormitory, and the inmates’ attitude toward authority. All information relevant to the inmate's readiness to participate in home leave should be assembled and documented. Relevant information would include reports from the inmate's counselor, work supervisor, community volunteer and custodial recommendations. The existing relationship between the inmate and qualified sponsor should prove to be overall positive and supportive.
(e) Exceptions to the general instructions outlined in subsection .0603(d) may be made for inmates assigned to the Mutual Agreement Parole Program (MAPP) or inmates assigned to the Governor's Mansion.

(f) Home Leave Investigation

(1) When the Facility Head/designee has recommended tentative approval for participation in the home leave program, he/she will appoint the appropriate staff member to conduct, document, and report the conditions of the community setting. Initially, the staff member conducting the investigation will schedule an appointment with the proposed qualified sponsor in the home setting. The investigation should be arranged to observe the home in its normal condition. Upon visiting the home, the investigator should report about the following:

   (A) The environment of the neighborhood and community, referring to such factors as to whether it is rural or suburban, and its apparent economic status.

   (B) The condition of the home and grounds.

   (C) If the crime occurred at or near the home, this should also be noted.

   (D) Inmates sentenced for crimes against persons require special attention by the investigator and the approving authority. The investigator will evaluate the capability of the proposed qualified sponsor to provide a positive influence on the behavior of the inmate. The investigator must also evaluate whether the presence of other residents in the home will impact the success of the inmate's participation in the home leave program either by encouraging inappropriate behavior or by presenting a potential victim for future criminal behavior by the inmate.

(2) When interviewing the proposed qualified sponsor, the investigator should attempt to determine and document the reasons that the sponsor is requesting to host the inmate on home leave. Also, the investigator should note his/her impression of general character, indicating whether he/she feels that a sponsor is being evasive or open and reasonably honest and whether the sponsor will contribute to or undermine the rehabilitation of the inmate.

(3) Next, the investigator will explain the program and its intended purpose, stressing guidelines such as “no drinking”, "no driving," and the necessity of remaining within the limits set out in the leave agreement. He or she must make it clear that the sponsor accepts responsibility for the inmate's behavior while on the visit.

(4) The investigator will explain the procedures of the program, noting that it will be necessary to provide an itinerary letter or other form of request each time a home leave is desired, and that the sender must allow ample time for his or her letter to be processed. Transportation, the beginning and ending times of leaves, and what to do in the case of an emergency should also be discussed. The investigator must
provide the sponsor the facility phone number and other pertinent information.

(5) The investigator should interview neighbors whenever possible to determine their views regarding the inmate's participation in the home leave program. Their opinions will be recorded and considered in deciding whether to grant home leave.

(6) The investigator will contact the District Attorney in the county of conviction for the current active sentence and the Chief of Police of the city/town to be visited and/or the Sheriff (or designee) of the county to be visited to solicit their views regarding the inmate's participation in the home leave program and to determine if unfavorable information exists concerning the proposed home leave sponsor. The opinions of the District Attorney, Chief of Police and/or the Sheriff will be recorded and will be closely reviewed when deciding whether to allow home leave program participation. If no response is received from the District Attorney, Chief of Police and/or Sheriff within a minimum of 30 days, the investigator must document the lack of response on the OPUS IP61 screen. At no time will the investigator divulge to the inmate or the inmate’s family, comments made by anyone during the investigation. This opinion will be one of the factors considered when deciding home leave program participation.

(7) In accordance with the DOP Victim policy, section D.0912(c)(3)(B), prior to final approval for home leave participation, OPUS screens OR93, IP60, OR07, and IM06 must be reviewed to ensure that if there are victim conflicts relating to housing and community based programs participation, that those factors will be considered during the investigation and recorded on the DC-343 Home Leave Application and investigation form. At no time will the investigator divulge to the inmate or the inmate’s family, comments made by anyone during the investigation. This information is one of the factors considered when deciding whether to allow home leave program participation.

(8) Prior to an inmate going on home leave, the Facility Head will forward a copy of the DC-343 and supporting documentation to the Region Director. Once approved by the Region Director the DC-343 will be forwarded to the Director or designee for final decision.

(9) Once the inmate is approved for home leave, the Facility Head/designee has the discretion to decide the time and place of any particular home leave visit.

(10) The first leave will be approved by the Facility Head and subsequent leaves approved by the Facility Head or designee.

(11) Each time the inmate is scheduled for a home leave pass, the Facility will provide notice to the District Attorney in the county of conviction for the current active sentence and the Chief of Police of the city/town to be visited and to the Sheriff of the county where the visit will occur. The notice will state the inmate's name, crime and sentence, and will notify the Chief of Police and/or the Sheriff that the inmate has been approved for home leaves and the sponsor's address.
(12) Any registered persons and the District Attorney for the county of conviction on the inmate’s active sentence will be sent notification when an inmate is eligible, has been approved and each time the inmate is scheduled for a home leave pass. Please refer to Prisons Operational and Procedural Policy D.0900 Victim Services section .0910 concerning registration for notifications.

(g) Conditions for Home Leaves

(1) Inmates approved for home leaves must sign a leave agreement before any visits are allowed.

(A) For the first 30 day period after the home leave visit is approved, the visit is restricted specifically to the home or other approved location of the qualified sponsor.

(B) After the first 30 day period, going to any other location (i.e., church, movie, restaurant, etc.) while on home leave visit must have prior approval as to time and place.

(C) The time away from the home while on a visit shall not exceed four (4) hours per day (“day” refers to a 24-hour period), unless the Facility Head grants an exception.

(D) Directly and promptly proceed to and return from the destination using the approved route and method of transportation;

(E) Remain within the area designated for the leave;

(F) Refrain from consuming alcoholic beverages, narcotics or other drugs not lawfully prescribed;

(G) Contact the assigned facility if any unusual circumstances arise;

(H) Return to the assigned facility by the scheduled time;

(I) Return to the assigned facility immediately if the approved activity ceases prior to the end of the time scheduled for its termination;

(J) Comply with all laws and regulations and instructions imposed by the Facility Head/designee;

(K) Comply with any other conditions imposed by the authority granting the leave.

(2) Inmates must remain within a 50 mile radius of the assigned facility on all home leave visits. The Facility Head may grant an exception for distances beyond the 50 mile radius and reasonable travel time. An inmate approved for home leave may be allowed:
(A) One visit of up to 24 hours per calendar month.

(B) Two separate visits of up to six hours per calendar month.

(C) Visit hours may not be combined.

(3) Out-of-State Leave. No inmate will be allowed to leave the territorial limits of the State of North Carolina on a leave under any circumstances.

(h) Review and Suspension

(1) A facility must visit at least 50% of its inmate home leave sites per month. These inspections should be randomly selected and done in such a manner that an inmate does not discern a pattern. Every inmate who goes on a home leave visit must have his/her home inspected at least every other month. These checks shall be done in person and must be documented on OPUS IP61, comment note #77 (Home Leaves). Documentation shall include date and time, name of staff making the check, name of the individuals contacted, and any problem areas or concerns that need to be addressed.

(2) Home leaves may be suspended for any reason at any time.
