.0102 GENERAL

In order to ensure the nutritional welfare of all offenders housed within the Division of Prisons, the Food and Nutrition Management Section is managed by a Registered Dietitian, licensed to practice in North Carolina. Correctional Food Service Managers who direct the preparation and service of all offender meals are instructed and guided by staff Registered Dietitians in appropriate meal specifications. Meals prepared for the general offender population as well as those requiring Medical Nutritional Therapy (MNT) meet all requirements of the Dietary Reference Intakes (DRI's) established by the Food and Nutrition Board of the National Research Council.
