RE: Reimburse Counties for Housing and Extraordinary Medical Costs
for inmates, Parolees, and Post-Release Supervisees Awaiting Transfer to
State Prison System [Section 19.3 - Session Law 2009-451]

DATE: April 13, 2011

Pursuant to Section 19.3 - Session Law 2009-451 (Senate Bill 897) the Department of Correction is to report to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Corrections, Crime Control and Juvenile Justice Oversight Committee, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Chairs of the Senate and House of Representatives Subcommittees on Justice and Public Safety on the expenditure of funds to reimburse counties for prisoners awaiting transfer to the state prison system and on its progress in reducing jail backlog. N.C.G.S. §148-29 authorizes the Department to pay \$40 per day to counties for persons awaiting transfer to the state prison system.

The Department incurred \$5,873,280 through the third quarter of FY 2010-2011 in backlog expenditures for inmates awaiting transfer to prison. This total reflects expenditures of \$2,948,840 during the first quarter, \$2,851,120 during the second quarter, and \$74,120 during the third quarter. In comparison, the current year third quarter cumulative amount of \$5,873,280 is less than the cumulative amount of \$6,958,600 reported through the third quarter of FY 2009-2010.

All offenders on the jail backlog continue to be felons. The Department has made significant progress in reducing the jail backlog. Initiatives include increasing the processing of short term felons at designated diagnostic centers. Also, the Department

implemented additional transfer runs from each diagnostic center to assure that offenders who complete processing are transferred in a timely manner. These options will continue as required to manage the jail backlog.

Department of Correction staff members are available if further information is requested.
